

AOMSC 2013 4th Asia Oceania Mass Spectrometry Conference & 10th TSMS Annual Conference

Feb. 01, 2013 Conference registration opens online

Apr. 12, 2013 Deadline for submission of abstracts

May. 10, 2013 Deadline for advance registration

Invitation

On behalf of the local organizing committee, it is my great pleasure to invite you to join "The 4th Asia Oceania Mass Spectrometry Conference (AOMSC) and The 10th Taiwan Society for Mass Spectrometry (TSMS) Annual Conference" to be held at the Taipei International Convention Center, Taipei, Taiwan, on July 10-12, 2013. We aim to put together an exciting scientific program bridging traditional research fields of MS to various exciting applications, particularly in integrating various MS driven methodology into topics in sustainability science and human health. It will contain over 60 lectures, workshops, and hundreds of poster. The confirmed plenary lecturers include Prof. Yuan Tseh Lee from Taiwan, the Nobel Laureate in chemistry, and Prof. Ruedi Aebersold from Switzerland, the inventor of ICAT for quantitative proteomics. We will also host an "Early Career Forum" and a "Young Scientist Forum" to bring in new blood of MS in Asia and Oceania countries.

We look forward to seeing you in Taipei.

Prof. Yu-Ju Chen
Chair of 4th AOMSC Organizing Committee

Early Career Forum

To encourage the participation of young faculty members, a special session "Early Career Forum" will be hosted for lecturers selected from applicants within 5 years of assistant-professorship or equivalent position.

AOMSC Young Scientist Forum (with Travel Awards)

A pre-conference forum is designed for networking of young scientists, including Ph.D. students, postdoctoral fellows, and research assistants with master degree or above. It will accommodate up to 50 participants selected from applications, including up to 25 travel awards for overseas participants. Every travel award includes financial support (NT\$10,000) and a certificate.

July 10 – 12, 2013,
TICC, Taipei, Taiwan

Confirmed Plenary Lecturers

Dr. Yuan-Tseh Lee
Academia Sinica, Taiwan

Dr. Ruedi Aebersold
ETH Zurich, Switzerland

Scientific Program

- MS for Sustainability Science
- Glycoproteomics
- Fundamentals
- Instrumentation and Methodology
- Quantitative Proteomics
- Posttranslational Modifications
- Metabolomics
- Clinical and Biomedical Applications
- Environmental
- Nanomaterials in MS
- Bioinformatics
- Biodiversity and Biosimilarity
- Forensics
- Food Safety
- Inorganic MS

Venue

Taipei International convention center (TICC) is located in the heart of Taipei city. It is next to the Taipei 101 building, the Taipei World Trade Center, and highly dense department store area.

Accommodations

Taipei city has a wide range of hotels –from five-star hotels to economical accommodations with cost less than NT\$ 2,000 per night.
